

FOOTBALL CAMPUS ENGLAND

FOOTBALL & EDUCATION PROGRAMME FOR 16-19 YEAR OLDS

The FOOTBALL & EDUCATION PROGRAMME (FEP) is a comprehensive 1-3 Years programme for players aged 16 to 19 years old to develop their game and continue their education with us in Manchester, England.

The programme is open to both international and UK based players / students.

The Football component of the overall programme enables individuals to train and play in matches for up to 12 hours per week. Everyone has their own Individual Development Plan that tracks and monitors their development during their time on the programme.

We train the players as a squad but also as individuals to improve on their strengths and turn their weaknesses into strengths.

The Football element of the overall programme has the following benefits: -

- The best opportunity for individuals age 16-19 to develop their game whilst continuing their full-time education.
- An Individual Player Development Plan.

- Player Analysis using the same technology that the English Premier League and Women's Super League Clubs such as the Playertek GPS Tracking System, Suunto Heart Rate Monitoring and SMARTSPEED Timing Gates.
- The expertise of experienced and highly qualified professional staff.
- Up to 12 hours per week of professional training and matches.
- Compete in Leagues against other teams from around the country.
- Compete in National Cups and International Tournaments.
- Play in our Representative Squads against Professional Clubs.
- The opportunity to impress watching scouts.
- Excellent facilities that are close to tram, train, and bus stops.
- Opportunities to progress into Professional/Semi-Professional Football in the UK, Europe, Asia & USA Scholarships.

The Education component of the overall programme is where individuals have their own study programme based on their GCSE grades. However, there is a qualification at every level based on what has been obtained at school.

Our teaching is dynamic and engaging. Individuals are not only assessed on their theoretical knowledge, but also on their practical application. Individuals have the use of desktop computers and/or laptops, various IT and an extensive library of resources to help them achieve.

Depending on the level an individual achieves, they can progress on to University, a USA Sport Scholarship, an Apprenticeship or straight into a career that is sport or non-sport related.

The components of their own study individual programme are:-

- One main core qualification based on their GCSE equivalent grades from the list below

BTEC Level 3 Extended Diploma in Sport (equivalent to 3 A Levels)
Level 2 NVQ Certificate in Activity Leadership
AQQ English

- Individual Tutorials

These take place regularly during the Academic Year and enable each individual to meet with their personal tutor to help to keep them progressing on the programme.

- Work Experience

In the summer months during the programme suitable individuals will be given the opportunity to take up work placements in Kickworldwide partner territories. This

includes but is not restricted to China, Uzbekistan, India, Tanzania, Cameroon and Zambia. In some cases, these placements will include a salary payment but in all cases, costs will be covered by the host territory.

Individuals will be given the opportunity to benefit from work placements at UK football clubs, football organisations and Kickworldwide.

Work placements with Kickworldwide could include working on the football reality TV show 'Soccer Prince', working on outreach programmes overseas and working in the community departments of overseas football clubs.

- GCSE Maths (if achieved below a GCSE Grade 4 equivalent)
- GCSE English (if achieved below a GCSE Grade 4 equivalent)
- Educational Trips & Visits

We take individuals on numerous trips and visits during the Academic Year. These can include overseas football trips/tournaments, team building residentials, a visit to St George's Park – home of the England National Squads and visits to Professional Clubs.
